REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

OLDEN TIME LODGE OFFICERS

Sick Man Deliberately Commits Crime to Avoid Being Sent to the County Poor Farm.

On the 5th of January, 1870, the following officers of Bay View Lodge, I. O. O. F., were installed: John Shelly, noble grand; C. A. Kirkpatrick, vice grand; C. E. Benjamin, recording secretary; B. A. Rankin, permanent secretary; T. W. Lathrop, treasurer; Jacob Weaver, warden; A. Teague, conductor; J. A. Hockins, inside guard; H. N. Nutting, outside guard; W. J. Welburn and H. Carstens, supporters to the noble grand; J. W. Locker and P. Jamieson, supporters to the vice grand; C. P. Fox and A. G. Gordon, scene supporters. At that time the report of the secretary showed the lodge to have 88 members in good standing.

At a special meeting of the Redwood City Lodge of Masons, held on the evening of December 31st, 1869, the officers for the Masonic year were installed as follows: Nelson Dennis, worshipful master; D. G. Leary, senior warden; S. Bornstein, junior warden; H. N. Nutting, secretary; T. W. Lathrop, treasurer; Thomas McCrea, senior deacon; B. H. Hayes, junior deacon; A. Teague and M. Rich, stewards; Fred Koch, tyler. The installation ceremonies were conducted by past master T. W. Lathrop, assisted by past master S. M. Cook.

At the regular meeting of Metamora Tribe, Improved Order of Red Men, held on the evening of January 10th, 1870, the first officers to occupy the stumps of the Tribe for a full term were raised up by District Deputy Great Sachem Adam Smith. C. A. Kirkpatriek, sachem; J. W. Bartlett, senior sagamore; A. H. Gordon, junior sagamore; D. M. Knowton, prophet; W. H. Shreve, first sanap; George Bailey, second sanap; J. Turner, first warrior; J. F. Murphy, second warrior; A. Underhill, third warrior; A. F. Walker, fourth warrior; F. Koch, guard of the wigwam; W. F. Mansfield, guard of the forest; James Horn, first brave; J. Smith, second brave; W. J. Welborn, third brave; C. F. Wiley, fourth brave. On this occasion a number of pale faces were invited to witness the ceremonies, and after the chiefs had been seated corn and venison were partaken of.

On the evening of February 10, 1870, shortly after 7 o'clock a fire that was at the time supposed to have been of incendiary origin started in the home of W. F. Stambaugh in this city. Fortunately the firemen were able to get water on the fire quickly and but little damage was done. An insurance policy for $2000 was carried on the place, which at the time was claimed to be more than the building was worth. However no evidence of wrong was found and the matter was soon dropped.

Apparently the rule which had held good from the time of the first establishment of the local paper that its owners should soon tire of their property seemed to still hold good, although the business had now been established for about ten years and the paper gave evidence of considerable thrift. During the latter part of February H. A. Schofield, the editor and senior partner of the publishers, offered his share in the concern for sale. Men with a desire for the glories of the newspaper business were not to be picked up every day at that time and the offer did not readily find a taker.

This section received another reminder of the instability of the crust of the earth a few minutes after noon on the 18th of February, when the town was treated to another rather severe shaking up. This shock was a sort of a double ender, the big end coming last. While the people were given a rather considerable scare and crockery and furniture was tumbled round at a lively rate, no particular damage was done to buildings.

Some few months before this time the Supervisors had concluded to adopt some means of caring for the indigent of the county, and for this purpose established a "Poor House" in the sand hills in the northern portion of the county. The selection and arrangement however failed to meet the ideas of the public dependents, and was not at all popular as a resort. Even those who from physical infirmaties were absolutely unable to earn a living refused to put up with the fare and accommodations and when sent out soon managed to make their way back mostly to Redwood City where they preferred to take their chances with the cold world. As a instance of this objection to the "resort" the following story is related. "A man known as 'Briney,' who has been crippled by rheumatism and had been supported at public expense for the past two years in this town has finally taken up his abode in the county jail for a space of 30 days. The county has provided a Poor House in the Sand Hills to which Briney had been removed, but not liking the accommodations he refused to remain and returned to Redwood City where he has been subsisting for the last month or two on faith and other light articles of diet which he could get hold of. He has frequently threatened to commit some crime and thereby compel the county to furnish him food and lodging at the jail. Last week he put his oft repeated threat into execution by setting fire to Hanson & Co.'s wood pile on the wharf. He was of course detected in the act and arrested. When taken before the justice he plead guilty and was sentenced to 30 days in the county jail. A few days before he was arrested he was engaged in cooking by a little fire in the street, and when asked by a gentleman who was passing how he was getting along, he replied that he was cooking a cat which was the last thing he had to eat, and that when that was gone he would do something that would compel the county to take care of him. When he had served his time and was discharged, he hunted up Justice Jewell who had given him the sentence and berated him in great shape for not making the term 90 days instead of 30. After again beating around town for a few days Briney at last gave in and consented to go back to the poor house.

Halfmoon Bay Notes

Deputy State Game Warden Hunter of San Mateo has been making things rather interesting for some of the local "sportsmen" lately. As a result of recent visits of the game protector to this section, several violators of the laws for the protection of game have been caught in the toils and made to plunge at a rather lively rate for their unlawful hunting, the tax ranging from $25 to $35 in some cases. In one instance a man was compelled to pay at the rate of $5 each for a half dozen rabits. Better be decent and obey the law.

One of the largest lumber deals in many years has been completed by local mill men. In a single sale the Alvin S. Hatch Company has contracted to deliver within 30 days 235,000 feet of all clear No. 1 lumber.

CITY TRUSTEES PLAN IMPROVEMENT WORK

Clearing Way for Banner Year In Industrial Progress of Redwood City

CANVASS BOND ELECTION VOTE

Council Endorses Plans for Monster Celebrations and Will Lead Boost for Progress.

The business of Monday night's session of the City Council made it still more strongly evident that this city is to experience a lively awakening along the line of publie improvement. Members of the Board gave much evidence of appreciation of the hearty endorsement of their plans for betterment of municipal conditions shown in the large majorities given for the bonds. To add to this came a notice from the Secretary of War that the plans for the proposed new brigde over Redwood Creek at the foot of East Bradford street had been approved and there was now no chance of objection to this needed improvement. Along with this, as another addition to the enthusiasm, was the sale of the Dingee Park street improvement bonds and the announcement by attorney George C. Ross that Baldwin & Howell, the purchasers, were ready to pay in the money into the treasury without waiting for the formality of the signing and delivery of the bonds, that there might be no delay in the letting of contracts for the work.

All of this served to engender a spirit progress and boost not noticable in the past, and brought out many expressions of confidence in the rapid development of the city in the immediate future. In this mood the Trustees were in a mood to look with much favor on the proposal of the Redwood City Womans Club for a fitting celebration of the completion of the Dumbarton Brigde and to heartily endorse the idea of a monster celebration of the Fourth of July. In fact, as the feeling was tersely voiced by Trustee Hynding, "at last we have woke up and now is the time to boost." The suggestion for the celbration of the opening of the Dumbarton bridge came from the Womans Club in the form of a request that the Council appoint a committee of five citizens to cooperate with them in preparing arrangements for the celebration. While the Trustees heartily favored the plan, some fear was expressed that it might interfere with the idea of a union county celebration of the National Holiday in this city which had already been received with popular approval. This was allayed by the statement that the women desired to cooperate in both celebrations and that care would be taken to avoid a clash. Chairman Merrill suggested that as the people of Newark had already announced a celebration of the big railway achievement, it would be the proper thing to join with our neighbors on the other side of the bay. With the approval of these sentiments, a motion that the Chairman name at his convenience a committee of five as requested was adopted.

The monthly reports of the city officers were presented and approved. According to the report of Treasurer Towne the expenditure from the general fund for the month amounted to $2780.27, leaving a balance of $6294,29 on hand; with $812 in the water extension fund. Poundmaster Cassie reported having taken up 29 dogs, 2 cows and 4 horses.

There was but one bid for the improvement bonds of districts 13 and 14, that of Baldwin & Howell who offered a premium of $1 on each bond, and the sale was made to them.

The returns of the recent bond election were canvased and the result declared as follows:

Proposition	For	Against
Phelps Street extension	312	51
Town Hall	316	42
Retaining Walls	290	68
Bridges on County Road	294	95

After the adoption of the resolution announcing the result, Chairman Merrill took occasion to voice the appreciation of the Trustees for the generous support given their plans and to urge the utmost economy in the expenditure of the money, especially in the construction of the City Hall, which in his judgment should be substantial rather than unduly ornamental. At the same time it was suggested that the people should make offers of sites, and that the final location of the building should be left to popular selection.

The approval by the Secretary of War of the plans for the new bridge to connect East Bradford and Holder streets was presented and the city engineer was instructed to make surveys to determine lines of necessary street extensions. Mr. Sampson stated that a meeting of the directors of the Tacoma Lumber Co. this week their proposals to furnish free lumber and right of way would be made in writing.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Secretary W. B. Thorpe of the Board of State Harbor Commissioners has been urged to run for State Printer on the Republican ticket by about fifty of the most prominent bankers and business men of Sacramento. Mr. Thorpe comes from Sacramento, and the spontaneous request of his friends shows the firm hold he has upon the good will of his home town. Apart from being a conscientious, able official, Mr. Thorpe is a man with a host of friends who will support him regardless of party allegiance. He is a strong man, well equipped for the position by knowledge and experience, and should win readily.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Gathered by Hustling Reporters in the Country Districts.

San Mateo News Notes

Notwithstanding the rather threatening aspect of the weather last Tuesday morning, a large crowd of people of San BMateo and visitors from abroad—among the latter being a number of prominent Masons from Redwood City—witnessed the laying of the cornerstone of the new Masonic Temple in this city in the afternoon. The ceremonies were conducted by Grand Master Franklin Pierce, and the oration was delivered by Rev. Galleway.

An interesting program was given Monday afternoon by the pupils of the First avenue grammar school in honor of the birthdays of Washington and Lincoln. Each of the grades presented good programs, showing much care on the part of the teachers.

The library trustees have decided to make a radical change in the conduct of the library. Miss Ida M. Regan, a member of the staff at the state library has been engaged to take entire charge of the library, Mr. Kirkbride and Miss Edwards will both retire.

The Misses Florence and Myrtle Davis of Oakland, are the guests of Mrs. F. D. Robertson

Mr. and Mrs. Thomas Driscoll are entertaining Ensign and Mrs. William A. Glassford, who have recently returned from Manila.

Mrs. C. H. Kirkbride entertained the Thursday Club at its regular meeting Thursday afternoon. The topics of discussion were the music and literature of Spain.

San Bruno Happenings.

At last there is hope that the long drawn out controversy over the question of the location of our school, with its annimosities and bitterness, which has involved some of the San Bruno citizens in bitter personal quarrels, has come to an end. By a vote of 115 against 86 the people have decided in favor of Huntington Park as against the San Bruno Park site. This it is hoped will be accepted as a final decision of the tax payers and the trustees will now end the delay in the erection of much needed buildings, so that there need be no further occasion for the children suffering while rival real estate promoters contend for preference. Although feeling has been tense and there has been much excitement, the school meeting passed off without actual demonstration—possibly owing to the presence of big Bob Chatham with his little Sheriff's badge.

The valentine reception given at the home of Mr. and Mrs. H. J. Grady to the members of the Dorcas Society was one of the most pleasant affairs of the season in this section. The evening was spent in the playing of games appropriate to the occasion and the enjoyment of a bounteous repast.

Mauriee, the two-year-old son of W. E. Forrest of the Third Addition, has been quite seriously ill with pneumonia.

The funeral of John D. Haliday, an old and respected resident of the South Addition, was held last Saturday, under the direction of the Odd Fellows, the remains being interred in Cypress Lawn.

This section has been getting more than its share of the tough element lately. Several robberies and attempts at hold ups have been reported within the past two weeks.

A grand Vaudeville show and dance will be given in Greene's hall on March 17th, St. Patrick's Day, for the benefit of San Bruno Catholic Church. A large attendance is expected. Father Grant, the pastor, is making every effort to have the affair a great social and financial success.

San Mateo avenue is being excavated preparatory to putting in fire plugs. San Bruno will soon have one of the best equipped fire departments on the Peninsula.

From Pomponia.

Fred Francis has returned to the Pomponia with his fine thoroughbred stallion. Mr. Grady of San Mateo has had him under a course of training for the last three months.

A. W. Owen, who has recently arrived on the battleship California from Japan, has been sent to the Navy Hospital at Mare Island. We look for him home soon.

William McNulty, the professional bridge and wagon painter of San Gregorio is spending a few days on the Pomponia.

Dr. Banks is kept quite busy attending his many patients. You can meet him most any time on the road—rain or shine, day or night. He is always moving.

A number of abalone hunters from the Pomponia have returned with their bags well filled.

The two California lions which have been seen so often continue to bother the stock and dairy men of the Pomponia. Two of Sheriff Chatham's sheep which are pasturing on Mr. Anderson's ranch have turned up missing. Although a number of traps are set for these wild beasts it is but with little success. It would be well to send for Teddy Roosevelt if Bob wishes to save his sheep.

Happengs at Burlingame.

The indications now are that with in a very short time Burlingame's fire department will be properly housed and put in good condition for effective work. Mrs. G. A Biglow of San Francisco has made an offer to the Town Trustees to lease for fire house purposes her lot on East Lane, and has informed the Board that if they wish she will build a fire house on the lot. At the same time a movement is on foot to organize another hose company, and it is probable that at the next meeting of the board a petition will be presented asking for authority to form a hose company for the town. The water company has recently installed three hydrants in the business section.

Apparently the sentiment in favor of annexation is growing among the residents of the Burlingame Park section. Several who at first opposed the plan are now among its strongest advocates.

Frederick De Journel, a prominent San Francisco attorney, has purchased the Scanlan house on Almer road and has occupied the home with his family.

Pescadero Correspondence.

L. Coburn and S. S. Upton are in San Francisco for a few days.

C. L. Littlefield and wife are in Oakland for a few days.

Geo. Wood has gone back to San Francisco after a few days visit with his mother Mrs. Leighton.

Mr. Bean and O. Biddell have been in town for a few days. We hear that Mr. Bean is figuring on making some improvements at Pigeon Point for Mr. Coburn.

Joe Sylva is the proud father of a large boy. Mother and son are doing fine, so Dr. Thompson reports.

Jack Pinkham says he also has a nice boy at his house if any one should ask you.

Davis and Rose stage was loaded down Tuesday, lots of business now days.

We have had a fine rain the past few days.

SUPERVISORS DO MUCH BUSINESS

Hillsboro Incorporators Must Wait a Time With Patience.

COLMA LIGHT BIDS REJECTED

Protest Against Coffroths Fight Arena Goes Over---Board Takes Exception to Grand Jury Report.

The board of Supervisors held a busy session last Monday. All the members were present.

The Hillsboro incorporation matter that has been before the board for some weeks went over until the next meeting.

C. M. Doxsee presented a map of subdivision No. 2 of Edgemar. He stated that a portion of the San Pedro road running through that tract was abandoned in 1907. The map was referred to the Surveyor, Supervisor Casey having objected to its being filed.

Mrs. James Powers of Menlo Park was allowed aid in the sum of $4 a month for her two half orphan children.

The petition of F. S. Knowles and others of Vista Grande, Hillcrest and the Mission Tract asking for the formation of a fire district and the appointment of three commissioners was read. After ascertaining the genuineness of the signatures to the petition it was accepted and D. Quillinan, H. H. Smith and F A Smack were appointed commissioners.

John M. Rowell of Belmont petitioned for the return of $50, his bond furnished as a guarantee that he would restore the county road to its former condition after having made certain excavations.

Coleman reported that Mr. Rowell's work had been satisfactory and on order of the chairman the bond was ordered returned.

A communication was received from the American Bank Protection Company asking the board to come to a conclusion as soon as possible regarding the installation of a burglar alarm in the money vaults of the new courthouse.

The clerk was directed to notify the company to have a representative present at the next meeting to confer with the board, it being the intention to install the system.

W. J. Chester asked permission to remove the shed to the rear of the courthouse he having purchased it from the contractors. The clerk was instructed to notify Chester that the board had no jurisdiction as the building belonged to the contractors.

The matter of the incorporation of Hillsboro was taken up. Coleman stated that he had a conference with the San Mateo trustees and the people of Hillsboro and an agreement was reached whereby the matter be deferred until the next meeting of the board. Attorney Reddington asked that the matter be postponed for only one week for the reason that the trustees of San Mateo might call a meeting in the mean time and annex a portion of the territory sought to be incorporated and a clash would result. Attorney Kirkbride assured Mr. Reddington that no such election would take place. Coleman was positive the San Mateo trustees would not take snap judgment. He favored the postponment and on his motion the matter went over for two weeks.

Bids were opened for a franchise for an electric light system at Half moon Bay. The only bid was that of Benjamin Cunha who offered $5 for this valuable franchise. The board thought the bid too low but after a conference with District Attorney Bullock and Archer Kincaid the offer was accepted.

The clerk was directed to notify the United Gas and Electric Company to present anew contract and bond for lighting the Easton district, the old contract and bond having been mislaid.

The San Bruno Improvement Club asked that the awarding of the lighting contract be postponed until the next meeting. Jas. T. O'Keefe and H W Brown addressed the board saying the bids for lighting San Bruno and Colma were excessive. Thos. Spellman, A. A. LeRoux and McMillian spoke on the same lines. The bids were finally rejected.

The protest of H. O. Heiner and others against a continuation of the fighting privilege of Jas. Coffroth in the First township was laid over for thirty days on motion of Blackburn, seconded by Coleman.

The petition for the revocation of the liquor license of Maud E. Earl was taken up. R. K. S. MacMillan, Louis Stark and N. McDonald, residents in the vicinity of the saloon, testified to its good character and the fact that there was no gambling on the premises.

Casey renewed his motion that the license be revoked but there was no second and the matter was laid over until the next meeting.

Chairman McEvoy was granted until the next meeting to report on the alleged obstruction of the county road near the Folger place at Woodside.

The clerk was directed to notify the successful bidders for the county farm supplies to comply with the law and furnish bonds for the faithful performance of their several contracts.

Casey was given further time to report in the matter of the Crocker Estate Company who agreed to put up a storage tank in the Crocker Tract to supply water to the consumers there.

W. J. Wiederhold was the only bidder for the contract to turnpike and oil 3.24 miles of the Middlefield road in the Third road district, his bid being $11,598.50.

McEvoy asked that the bid be rejected as it was exorbitant and such action was taken on motion of Blackburn, seconded by the chairman.

Hall C. Ross, representing the Sierra and San Francisco Power Co., asked the board for a franchise to maintain poles, wires, etc., at Visitacion oValley to furnish electric current to San Francisco. Mr. Ross stated that the Company had private rights of way to this point and wanted to use the County Road to the City. The matter was referred to Supervisor Casey.

The report of the Grand Jury was read by the clerk. Exceptions were taken by the board to that portion of the document which recommended that no further extras or changes be allowed in the completion of the court house. The Supervisors several weeks ago passed a resolution instructing the contractors to proceed with the work and that no further changes would be allowed.

Coleman also objected to the report in regard to the poor condition of the poor farm buildings. It was shown that they were never in such good repair. The document was laid over until the next meeting.

Superintendent Ford of the county farm notified the board that there was a balance of $17.50 due the county from Albert Elkerenkotter, the former superintendent, for hay, which amount he was unable to collect. On motion of Blackburn, seconded by Francis, the clerk was directed to notify Elkerenkotter to be present at the next meeting and explain his failure to settle the account.

J. C. Nealon of the O'Brien Construction Company, read a communication calling attention to the disappearance of certain material from the old courthouse, including lavatories, toilets and plateglass, which by the terms of the contract was the property of the contractors. Some of the material has been used in fitting up the present quarters for the county officials. Its value was something over $400.

The matter was referred to the Building committee for investigation.

The clerk was directed to advertise for bids for laying out the courthouse grounds. The clerk was also directed to notify Rainey & Phillips to clean the walls of the courthouse at once, on motion of Blackburn, seconded by Francis.

On motion of Francis, seconded by Coleman, the following list of citizens selected from the several townships was adopted as the official list of trial jurors for the year:

Will Present Irish Drama.

On Wednesday evening, March 16th, the Parish Sodalities will present a beautiful Irish drama in three acts, entitled "Shaun Aroon," at the Parochial Hall in Menlo Park. Preparations for the play have been going on for some time. The drama is so called from one of the principal characters that appears in it, and unlike many socalled Irish plays, it is absolutely free from vulgarity or anything that is a reflection on the race. It is founded on the system of land tenure that has obtained in Ireland and which recent Parliamentary legislation has, as an act of tardy justice, taken steps to abolish. Like the entire panorama of Irish life and history, the drama is a happy combination of the tear and the smile so characteristic of Ireland and her children. The drama will be interspersed with Irish songs and choruses, and between the acts Irish music and stereoptican views of the old land will give the whole program a delightful setting, making for all who attend a genuine Irish night.

Queer Antics of Cow.

We have often heard of the cow that jumped over the moon but it remained for RayDaly to produce a bovine that jumped into a cesspool and nearly smashed the vexatious beef trust. "Bossie" was browsing about in the back yard of Mr. Daley's premises when she stepped on the covering of a long forgotten cesspool. The boards gave way and the animal was precipitated a distance of feet to the bottom. She waded in water up to her horns. A large crowd gathered and assisted in getting the cow out of the hole. Lepio Felix was lowered into the cesspool and after a thrilling experience managed to put a rope around her body. A derrick had been arranged above and twenty willing hands hauled her to the top She was given a good "horn" of brandy and soon began to graze, apparently none the worse for her exciting exprience.

May Be End of Sunshine Jim.

From a suit filed in the Superior Court during the week it would seem that Sunshine Jim Coffroth, the prize fight promoter, is about to "pull up stakes" and leave San Mateo County for good. His going will certainly be hailed with delight by the people who are thankful that prize fighting is at an end in this section of the state.

The suit is brought by Oberhouse against A. G. Faber to enjoin him from tearing down the long benches and seats in the Coffroth arena near the county line. The complaint alleges that the place was rented to defendant for a period of two years from April 14th, 1908, at a monthly rental of $35. A few days ago Faber began tearing down the benches in the arena and taking them away contrary to the terms of the lease. The suit is brought to enjoin defendant from tearing down the building and removing the benches.

It would appear from this that there will be no more prize fights held in the county.

Harry E. Styles is the attorney for the plaintiff.

From a Redwood City Citizen.

Is your back lame and painful?
Does it ache especially after exertion?
Is there a soreness in the kidney region?
These symptoms indicate weak kidneys;
There is danger in delay.
Weak kidneys fast get weaker.
Give your trouble prompt attention.

Mrs. H. C. Wilder, 908 Arguello street, Redwood City, Cal., says: "After using Doan's Kidney Pills and receiving great benefit, I publicly endorsed them in July 1907. Now two and a half years later, I still hold this remedy in high esteem and strongly recommend it to anyone suffering from backache or other symptoms of kidney trouble. One of my relatives has used Doan's Kidney Pills and praises them just as highly as I do. I procured Doan's Kidney Pills at P. A Ryan's Drug Store and shall be glad to give them a word of praise."
